“The Power of Thai” ·Caring for Left Behind Children

— Bangkok Bank (China) Cotton Shoes Donation Activity

Between November 20-23, 2015, volunteers from Bangkok Bank (China) Company Limited (“Bangkok Bank (China)”) Head Office and Shenzhen Branch went to Gulin Cheng Long School, the only non-governmental primary school so far which specifically enrolls “left behind children” in Gulin County, Sichuan Province, to hold “The Power of Thai – Caring for the Left Behind Children” Cotton Shoes Donation Activity. With the assistance of Shanghai Smiles Foundation, a regional and private equity foundation, it is the second time for Bangkok Bank (China) to go to the remote areas to care for the well-being of the children there, help them to establish self-confidence and improve their study and living environment.

At the donation ceremony, representative of Bangkok Bank (China) introduced the project “The Power of Thai” and gave the cotton shoes to the students in person. Our volunteers also went to several impoverished families afterwards and communicated with about 20 students to understand their difficulties and needs so as to better assist them in the future. The infrastructure of the school is improving, but students are still lack of a large number of sporting equipment after study. On the emotional side, these left behind children live far away from their parents, what they need ultimately is to have companion from relatives and care from the society.

Bangkok Bank (China) will continually make efforts in the welfare activities to inherit the spirit of Bangkok Bank Public Company Limited’s “The Power of Thai” project, further develop Bangkok Bank (China) ’s corporate social responsibility and make contributions to the community we live, and encourage more staffs to be part of the team in the near future.
