Colleagues from the Head Office, Beijing Branch, Shenzhen Branch, Chongqing Branch and Xiamen Branch prepared their own blessing videos and cards. In addition to the bank staffs, their children also joined the activity as volunteers. Through the videos, they conveyed their love and care for the left-behind children, encouraged them to study hard, grow up healthily, understand self-respect, self-confidence, self-improvement and self-reliance, set goals and forge ahead bravely.

During the activity, the Bank also carried out an online "Financial Knowledge Entering into the Classroom" activity for the school teachers. By selecting typical cases close to life and focusing on publicizing the risk prevention knowledge, such as illegal fund-raising, deposit insurance, rational lending, and protection of personal accounts, the financial risk prevention awareness and the ability to protect their own rights and interests according to law were improved.

With the coordination and help of Shanghai Smiles Foundation, Bangkok Bank China "the Power of Thai" charity project has been carried out in Gulin Cheng Long School in Sichuan Province for eight years, paying long-term attention to the education and growth of the left-behind children in remote areas. The Bank believes that the transmitted care can gather strength, give warmth to the children, and build their hopes with support. Wish them grow up healthily and happily!
